

HOLIDAY ACTIVITIES

GRADE 1
Edition 1

Dear Children,

Greetings !

We hope and believe you are doing well under the protection of our God, Almighty. We are happy to get back to you. We understand that you are missing the activities we do at school as much as we miss doing them with you. So, here we go !

Here we have a few activities that you can do while you are at home. Enjoy doing them and explore your creativity. These are just a few ideas to keep you busy. You are free to go beyond them.

This is the first edition of your holiday activities and you will be notified of the next editions as we progress. If you would like to show all that you have done, you can take a picture of your work and with the help of your parents reach your class teachers at the below mentioned email ids. We will be happy and pleased to post your work on our website.

With much regards,
Your Grade 1 Teachers

P.S.

Grade 1A - jesuleena@gmail.com

Grade 1B - payalperfect@gmail.com

Grade 1C - janetbenocamie@gmail.com

Grade 1D - jjoshee2004@yahoo.co.in

Make your own clock

- Take a paper plate or a paper.
- Draw/Paint your favourite picture.
- Write the numbers 1 to 12 as shown in the picture.
- Draw the small markings between each number as shown in the picture.
- Count the small dashes. You will realize that it's simply skip counting by 5. 🤔
- You can now paint and stick 2 ice cream sticks. The short hand is called the **hour** hand and the long hand is called the **minute** hand.
- The thin stick is called the **second** hand.

Paint your Pot and Plant a seed

- Use a coconut shell or any waste container for a pot.
- Paint it on the outside.
- Fill 3/4th of it with soil and plant any seed.
- keep it in a place where it can receive enough sunlight and water it with care regularly.
- You will see that your seed will start germinating and grow into a plant.
- Record your observation everyday.

S.No.	Date	Day	Observation
1	30.03.2020	Monday	Planted the fenugreek seed

Let's Read

WHEN DO HIPPOS PLAY? - By Daniel Errico

By the African river, known as the Nile
The sun fell away and it rested a while

The rhinos had braved all the smoldering heat
They lay down to sleep as they wiped off their feet

The elephants marched to their elephant beds
And gently they rested their elephant heads

The hippos went bathing in cool, shallow pools
Thinking the rhinos and elephants fools

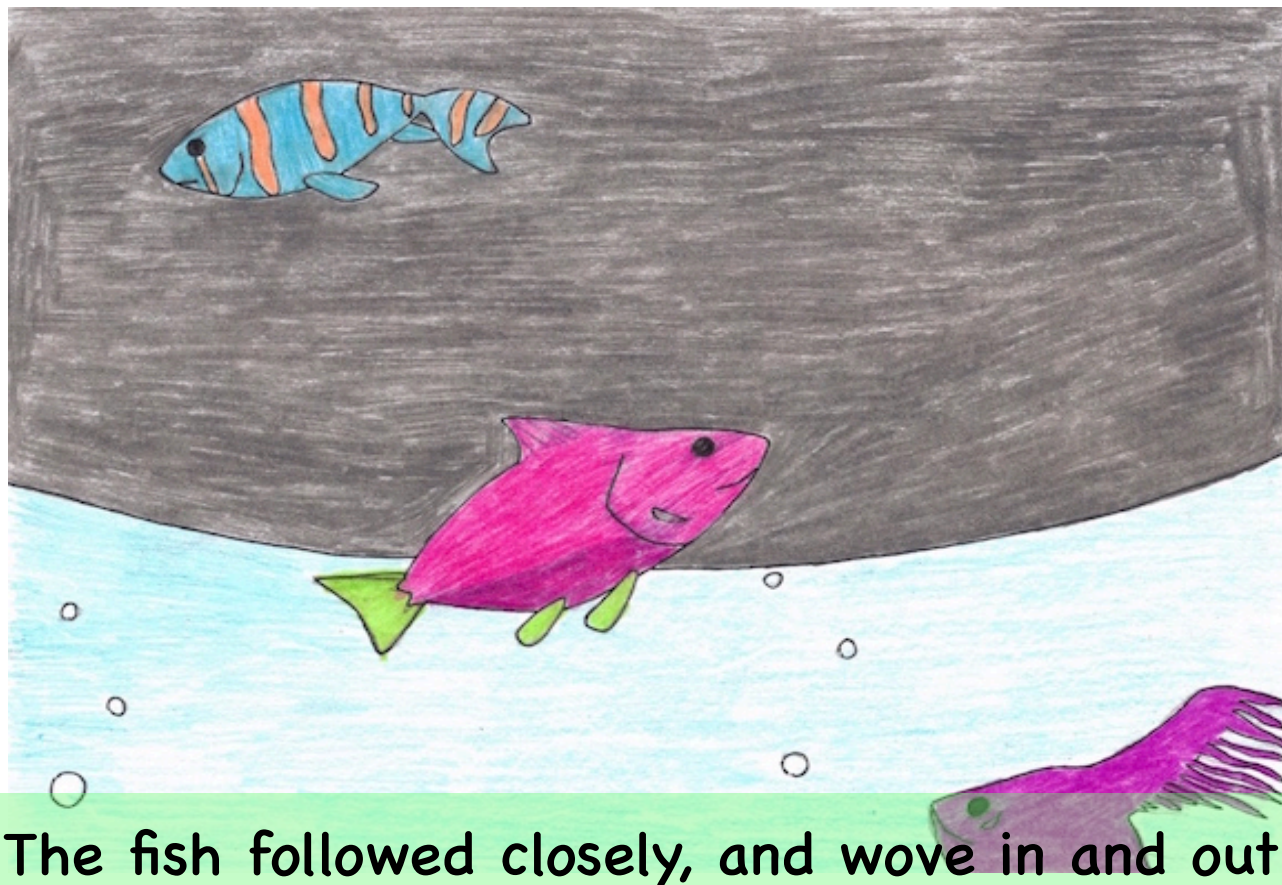

Slowly the hippos sank into the river
The water so cold that it gave them a shiver

Hippos can't swim, like the pelicans think
They also can't float, they could easily sink

Underwater, they fell to the soft river bed
On darkish green plants with a smidgen of red

They strolled on the bottom, then bounced up for air
They did it for hours, without any care

The fish followed closely, and wove in and out
Under their belly, and up to their snout

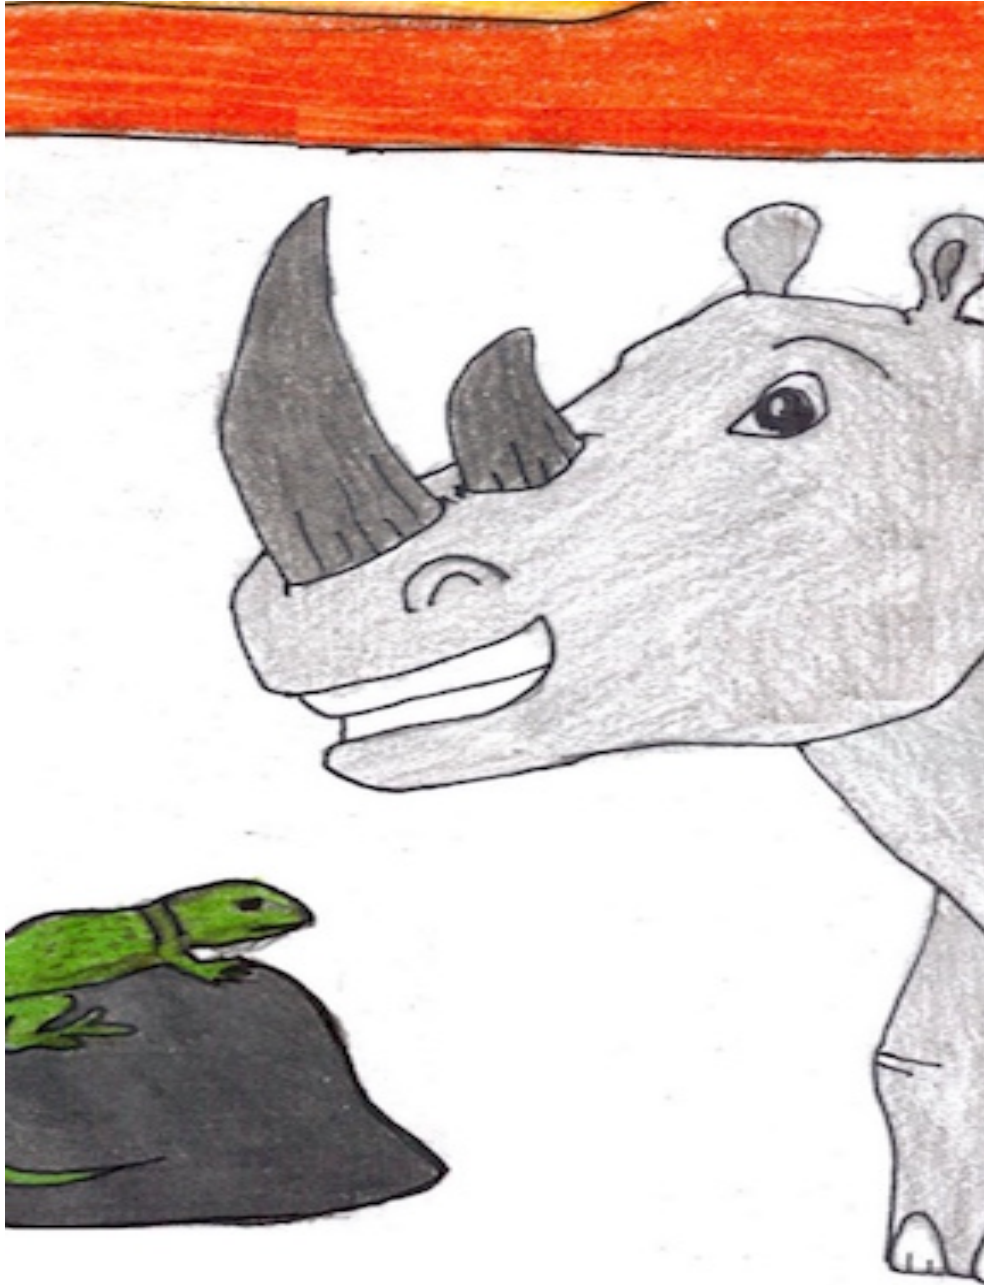

Each of the hippos came up to the shore
To feed on the grass by the river once more

They dried off their bodies by shaking and stomping
And took bites of grass, chewing and chomping

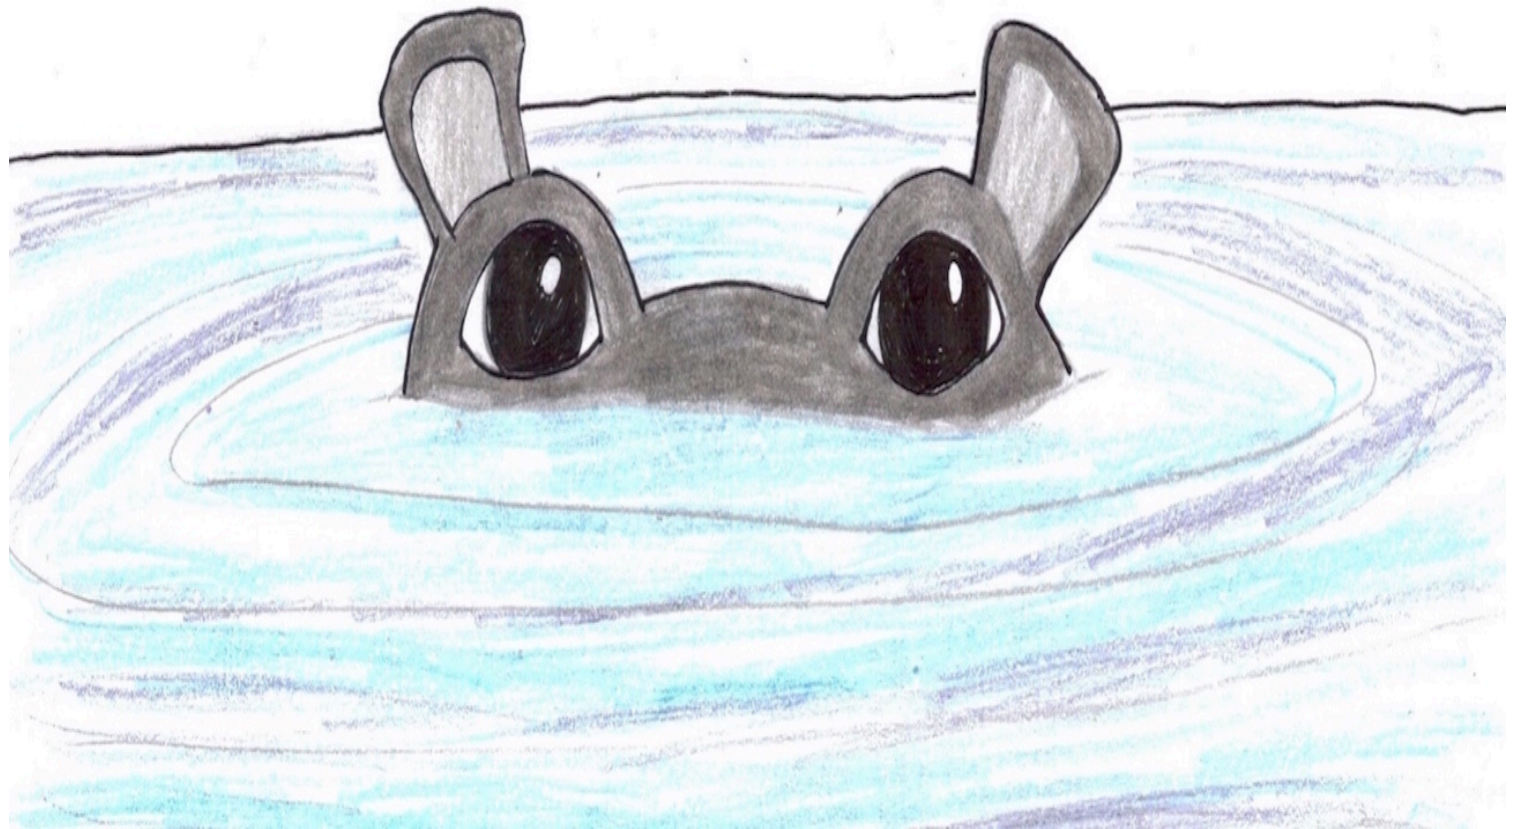

With night fading fast, they were full from the feast
The sun returned back, rising up from the east

The hippos crept off to collapse for the day
While rhinos and elephants got up to play

Enjoying the warmth of the sun and its light
Never knowing the story of hippos at night

Let's check if we are running out of stock !

Mother just loaded the fridge with a lot of veggies and fruits.

Let's check if we will have enough stock for the week.

Sort and count them.

Make a table and write what you counted.

Draw and colour the item which is most in quantity in green and the item which is least in quantity in red.

S.No.	Vegetables / Fruits	Number / Quantity
1		

So, what did you do today?

- Take your notebook / diary / journal and write down all that you did today.
- This will be your task every night before you go to bed.
- You can even draw and record all that you did.
- You will realize how you have used your day.
- This will be your treasure and a store house of wonderful memories.
